0	0	0	0	0	0	0	0	0	0	884

Wind and water erosion tables reflect the number of acres with the above listed tonnage of erosion per acre.

Crop production index display the number of acres that fall within the above listed crop growing potential; the higher the growing potential, the better that land is for farming. Aspen production index display the number of acres that fall within the above listed aspen growing potential; the higher the growing potential, the better that land is for growing aspen trees or forests.
